

BRUMPTON & GAETZ

LIMITED

We hope that you may be contemplating visiting Red Deer's Big Victory Fair this year, and that, if you come, we may be favored with a visit from you. In anticipation of a great influx of visitors, we have had a lot of new merchandise rushed in to us by express, and we were never better prepared to look after your requirements than now. We have 100 copies of "The Farmers' Business and Income Tax Record," for free distribution in our Men's Wear Department. These are usually sold, we believe, for 50c. each, but we shall be very pleased to distribute what we have as a souvenir of this season's Big Fair, towards the success of which the directors have worked with such untiring zeal.

SWEATERS

Styles and Hues that are distinctly uncommon and ever so becoming.

"La Camille" CORSETS

The mind that evolved this corset gave to woman-kind a positive benefit that will last on down through the years. That "there's nothing new under the sun" most surely applied in corsetdom until the coming of the—

VENTILO

BACK AND VENTILO FRONT SHIELD

We have told you in our ads so many times about the Ventilo section that replaces the steels along the spine—a cool, graceful, healthful support that is delightfully comfortable.

We have explained how the Ventilo Front Shield prevents discomfort from the laces. But did we ever explain that this corset, that is different from all others, is different because the Ventilo feature is protected by patents?

We believe almost every corset manufacturer would avail themselves of the opportunity of adding this new feature if it were presented.

We believe, all points considered, that "La Camille" corsets are the best in America. A model for every figure.

Prices \$4.00, \$4.75, \$6.00, \$6.50, \$7.25, \$8.50, \$10.00 and \$10.75

SELF POISONING VERY PREVALENT

AUTO-INTOXICATION, OR SLOW SELF POISONING, CAUSE OF MOST ILL-HEALTH AND DISEASE.

Advanced medical authorities assert that auto-intoxication is the foundation of most of the ills and diseases to which the human flesh is heir.

This condition is nothing more nor less than the slow self-poisoning of the vital organs produced by the excessive mental and physical strain which we are forced to endure, which renders the organs lame and inactive, and permits toxins—actual poisons—to be generated within one's own body.

Usually the trouble starts in the intestines; sometimes it starts in the stomach, liver or kidneys, but in any case the blame lies with the faulty method of living, and may be traced to over-eating, excessive nervous strain, lack of exercise, or other causes. At any rate it is the more important factor than that suffer the final damage, and when they falter or fail in their duties the body fills up with acids and poisons, and the victim often yields to their baneful influence. Bright's disease, heart trouble, high blood pressure, catarrhal affections, and other troubles are frequently the result of self poisoning or auto-intoxication.

A tired draggy feeling of the body, a sluggish mind, and dull memory, intense nervousness, headache, stomach and bowel troubles, poor circulation, imperfect digestion, constipation and depression are common symptoms of auto-intoxication; and nine out of every ten of the American people are likely to be so affected.

Tanlac, the powerful reconstructive and systemic tonic was designed especially to overcome these very troubles. There is not a single portion of the body that is not benefited by the helpful work of this celebrated preparation, which begins its action by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the entire system. Composed of the most beneficial roots and herbs known to science, it enables the stomach to thoroughly digest the food, thereby permitting the assimilable products to be converted into blood, bone and muscle.

It removes that great exciting cause of disease, weakness. It renders the body vigorous and elastic. It keeps the mind clear and energetic and throws off the symptoms of nervousness and indigestion. It builds up the constitution weakened by disease or mental and physical overwork, and restores the vigor of the invalid, and is a sure and unfailing source of comfort to those who are suffering from the effects of nervousness and over-excitement.

That Tanlac does these very things is proven by the fact that it now has the largest sale of any tonic on the American market. Millions have used it with the most astonishing and gratifying results.

Tanlac is sold in Red Deer by Gaetz-Cornett Drug & Book Co., in Stettler by Palace Pharmacy, Ltd.; in Eklville by Eklville Drug Co., and in Veteran by Veteran Drug Store.

LETHBRIDGE MEMBER STILL SUPPORTER OF UNION GOVERNMENT

W. A. BUCHANAN STATES HIS POSITION WITH REGARD TO CAUCUS.

Ottawa, June 30.—The report published recently in the Calgary Herald regarding W. A. Buchanan, member for Lethbridge, and his relation to the Union caucus, following his vote against the government in the House, is not warranted by the facts, so the member for Lethbridge asserts.

When Mr. Buchanan decided to vote against the government on the budget, he offered his resignation as whip to Premier Borden, as he felt it was the honest course to pursue. The premier said he understood and appreciated Mr. Buchanan's position, and refused to accept it. Nearly every whip, Liberal and Conservative, has gone on record against government measures in the past, and the Lethbridge member's action was, therefore, not without precedent.

Mr. Buchanan, nor other Unionists who voted against the government on the budget, are not treated differently by the Unionists. They were all invited to last week's caucus. It is true many Liberal Unionists refuse to endorse the proposal of a permanent Unionist party. They don't feel they were elected with that as an object in view, but the future depends in public affairs, it is the intention of all of them to support Union government for the present, except in instances where there is a conscientious difference in views. The Liberal Unionists from the west feel that they were elected to support a certain program and to abandon old principles and enter a new party unless the new party corresponds to their principles.

"I believe I 'tis Thou, God, that givest, 'tis I who receive; in the first is the last, in 'Thy will be my power to believe.'"

"There shall never be one lost Good! What was, shall live as before! The evil is null, is naught, is silence"

NEWS WEEKLY SERMON

By REV. GEO. D. ARMSTRONG

I am persuaded, that neither death, life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord.—Rom. 8: 38-39.

The eighth chapter of his epistle to the Romans is perhaps the most inspired chapter that St. Paul ever wrote, and the words of our text is the culmination of this most glorious passage.

This chapter gives us a viewpoint from which we may look upon the whole course of life with triumphant assurance that all is well.

"And where the strife is fierce, the warfare long, Steeds on the ear the distant triumph song."

And hearts are brave again and arms are strong. Allez! Allez!

Long before the modern doctrine of evolution had been formulated, Paul had grasped its central truth, and his view of life as a struggle in which God's law rules and His love is manifest, finds here prophetic and eloquent expression. These words have a greater value for us because the life of Paul was not sheltered from earthly storm. He had been exposed to the severest tests, bore in his own body the stress and storm beyond the experience of most people, but in the face of all he endured, he was incurably optimistic. And why? What were the grounds of his assurance? He answers it in one soul satisfying phrase—The love of God in Christ Jesus.

Paul bases his life not upon his ecclesiastical position, his spiritual attainments, his strength of character, his power of will. He is sublimely forgetful of himself. He is careless of his own gifts and graces, but in the very depths of his soul is the conviction that God's strength will not fail, God's love will not let him go. In the hollow of God's hand, he knows, he plucks us thence. His hope is built on nothing less than Jesus' blood and righteousness, and no other foundation is needed. "For he hath in the grip of Christ's love is to be safe for time and for eternity. Nothing can harm the objects of His care. Paul summons us into the hostile universe, forces of the universe and boldly declares that no where in all God's universe is any foe able to loosen the grasp of love. He is able to save and to keep unto the uttermost.

Let us note some of these forces which assail us—as they are referred to by St. Paul. First of all he declares that there is no fear of death. There is no shrinking from its approach, "to die is gain." Instead of death separating us from God, it is the doorway to a larger and richer manifestation of God's spiritual presence. Death has a new meaning for us in these days when we have so universally been called upon to question its purpose. May it be that those who have faced the terrors of the battlefield with such a sublime realization of danger and sacrifice in the experience through which they have passed, the dauntless spirit of the great apostle. But Paul goes on to speak of greater dangers—the separating tendency of life itself. Many will agree with the sentiment expressed by Wordsworth, "Heaven lies about us in our infancy" and recall with inexpressible sadness the days of innocence and childhood that have passed. They are ready to cry with Hood:

"Alas, 'tis little joy To know I'm farther off from heaven Than when I was a boy."

Life has separated them from their sense of oneness with God. The joys of mere existence, the wild joys of living, have produced an intoxicated sense of pleasure which has too often been sensual rather than spiritual. The occupations and pursuits of our every day life instead of furnishing us with all we need to interest us, has absorbed our time and paralyzed our soul.

"Work is the law of life. Every man has his work to do, and to that work he must give his best. He owes it to his fellows, he owes it to God to be diligent in business. But here comes the difficulty; it is so difficult to be diligent in business and fervent in spirit at one and the same time. The price of success in business in these days is energy and concentration. The cares of the world and the deceitfulness of riches, and the lust of other things entering in choke the word and it becometh unfruitful." God's greatness flows about our incompleteness and round our weaknesses is His rest. Our love grows cold, our faith fails, we sin; we miss the mark; our vision of God's love is clouded.

As success absorbs us, so also may disappointments and failures drive us hearten and embitter. Instead of being conquerors we are helpless and undone. Arrows fly by day and pestilence walks in darkness, so we are in constant peril, but we need not be overcome. If we partake of the spirit of the great evangelist, if we have the conviction that we are not separated us from the love of God, if we keep our eyes open to see things as they are.

There is no limit to the apostle's faith. He is assured of the presence and protecting love everywhere and at all times. Nothing that is or ever shall be in this or any world can destroy the Love of God.

"I believe I 'tis Thou, God, that givest, 'tis I who receive; in the first is the last, in 'Thy will be my power to believe.'"

"There shall never be one lost Good! What was, shall live as before! The evil is null, is naught, is silence"

Chautauqua Days are Coming

IMPLYING SOUND:

What was good shall be good, with, for evil, so much good more: On the earth the broken arcs; in the heavens a perfect round: All we have willed or hoped or dreamed of good shall exist; not its substance but itself. When eternity affirms, the conception of an hour.

HOSPITAL SCHEME DEFEATED IN C.D.

Old July 1.—The hospital scheme was badly defeated by the country districts here on Monday, and although the town gave a good majority in favor, the scheme was defeated by a total majority of 100.

The vote in the town was 177 to 39, but the vote in the country districts swamped this. The official count is not yet to hand, but the vote was not quite 500, and stood something like 300 to 200 against.

The reason assigned for the defeat in the country districts is the feeling existing that the town is not paying its fair proportion of the assessment under the scheme.

ALBERTA FAIR DATES

Below we give a list of the more important summer and fall fairs in Alberta in 1919, as well as the fair territory adjoining our own district:

Calgary—June 28 to July 5.

ALBERTA CENTRAL.
614—Wed. Mon. Wed. Fri. 1.30 p.m.
613—Sat. Tue. Thur. Sat. at 10.15 a.m.

REVIEW OF THE PROVINCIAL MARKETS

Calgary, July 4th.

CATTLE.

Lack of quality and indifference on the part of the buyers let the Alberta beef prices down this week with a bump. At Calgary the steers are selling a full dollar unit last week and cows are reduced almost the same. There have not been any sales of steers this week at anything over \$11.00, but there was not any failure to the animals on hand. Common steers are down as low as \$8.50. Common butcher cows are down as low as \$4.00 and the best of them are bringing from \$7.50 to \$8.00. All the stocker and feeder cattle have slumped, with possible exception of stocker cows, some of which are in fairly nice beef condition, and are taken back to the country at prices up to \$7.00. Feeder steers with weight and quality would bring up to \$10.00, being picked out of the medium to good butcher classes at that figure. Stocker steers from \$7.50 to \$8.50. Receipts at Calgary light during the week.

Beef in Edmonton had been holding a little stronger than at the Calgary yards up to this week, when there was quite a break and the prices are from 50c to \$1.00 lower, and the quotation on steers is around \$11.00 on the best grass fed steers, cow stock is also lower. Dairy cows are selling better and stocker cows and heifers are being moved out to the northern districts. Stocker and feeder steers are quoted lower, with the feeders up to \$9.50 and the stockers up to \$7.50.

HOGS.
The market slipped a little again in Calgary this week on the opening and Wednesday's sales were at \$21.50, Thursday's price at \$21.75. This morning, with not many hogs on hand the price was a \$23.10.

Hogs on the Edmonton market were held steady all week at \$22.50, and the quantity traded in some districts report many fatalities in the lots of young pigs.

SHEEP.

Not many sheep being taken by the butchers. The market seems to be a little easier, but there is little trading to guide the quoting of prices.

HORSES.

Horses of medium and light weight are lower again and there are a great many being offered on the market, owing to the scarcity of feed on the southern ranges. The heavy teams, with quality and conformation are holding up in price, but there is very little demand for these teams. Ship-

WALL PAPER

USE MUSCRO FOR TINTING YOUR WALLS, 60c per package.

H. G. STONE
Gaetz Avenue South Red Deer

ments from the Calgary sales are being made to Manitoba, Saskatchewan and into the northern part of the province.

GRAIN.
Grain is on a very strong basis just now and the markets are very susceptible to reports of damage or possible damage. American markets are ready to raise the prices and conditions in the Western Canadian provinces are such that it inclines the market to the bullish side. In Winnipeg the sensation of the week's trading has been widespread in the flax prices as compared with a week ago, and though the quantity traded in may not be large, still there cannot be much to work on or it would not be up to \$5.67—a jump of 67c in a day.

PRODUCE.
Dairy butter is quoted higher this week, with the best butter at 35½c on straight receipts. Creamery butter is firm and the demand is very good. Cream is being received in satisfactory quantities, but the dry weather experienced in the southern part of the province will dry the cows up earlier. Eggs are taking a firmer tone and the big run is apparently \$10.20. Storing has been going on over quotations are from \$9.50 to \$9.75 during the past month and

A STARTLING STATEMENT

Mr. A. R. Balcom, Chief Metallurgical engineer of the Acme Engineering Company of Toronto, sends this Toronto Globe a copy of the following letter addressed to the Minister of Labor:

"Dear Sir—I observe in today's Globe an article on 'The High Cost of Living,' also mentioning the cost of clothing.

"For some considerable time I have been making tests and analytically examining the samples of goods secured from various so-called reputable business manufacturers in the city of Toronto, and the discovery is simply appalling. As an example, one reputable business house sent me samples ranging from \$15 to \$75 for an ordinary suit, the higher priced ones being guaranteed to be all wool, and on examining these, in no instance was there ten per cent. of wool in any of the cloth. On the contrary, the cloth was spun from woollen rags put together and a small amount of wool, that is what is known as new wool, and the fur clippings from various fur bearing animals. Once in a while a chicken may contribute a part of it. Another reputable business house, with suits up to \$55, claiming them to be sixty per cent. wool, did not have a thread of wool in the cloth.

"Now, if you will start an analytical examination you can easily verify my statements.

"I fail to find a yard of cloth anywhere that can possibly cost one dollar at the present price of labor and material, and I am prepared to prove my statement."

"I would like to correspond with you on the subject.

"Very truly yours,

"A. R. BALCOM,

"Toronto, June 28th."

These statements are made, says the Globe, on the authority of a specialist who is not trying to hide his hand. Anonymity. The Minister of Labor should order an inquiry by his Department to refer the letter to the Parliamentary Committee on the Cost of Living, which is now sitting. No doubt Mr. Balcom is prepared to submit his evidence, as he has invited correspondence on the matter. If he has made no mistake his discovery is "simply appalling," as he himself says. The public wants the searchlight turned on high prices to see what producing lies beneath. Mr. Balcom's offer must not be rejected.

"The Calgary Albertan, a Liberal paper of no uncertain sound, says: 'W. T. R. Preston always succeeds in getting in the limelight in every Liberal meeting of any considerable importance, but unfortunately, by stating his case, always does more harm than he does good.' That is quite correct, and he is therefore a good man to have in the Liberal party, from the other fellows' standpoint.

Many citizens have wondered where the great industrial upheaval which is sweeping over Canada is going to end. We know that when an insect pest infests the shrubbery, an enemy of the pest will rise to destroy it. Judge Gary, chairman of the United States Steel Corporation, sizes up the situation when he says, 'The bitterest enemies of a despotic minority of industrial shirkers in America will always be our vast majority of honest workers.'

THE BRITISH NAVY AND ITS DEADWOOD

The extent to which five years of war have revolutionized sea warfare is illustrated strikingly by the news that comes from London that the British Naval authorities are preparing to sell no less than 170 warships and to place on the non-effective list five classes of battleships, two classes of armored cruisers, ten classes of protected cruisers and a large number of smaller vessels. Taken as a whole the warships thus put out of commission would, previous to the outbreak of war, have made a respectable navy for almost any power except Britain.

The fact that Great Britain can dispense with them without waiting to hear of similar reductions in the navies of other countries and presumably, therefore, without relatively weakening her own, illustrates also the fact that in any similar effort at wooding out deadwood we'll have to retain vessels, especially older battleships, that would be considered useless by the British.—The Free Press (Detroit).

Many of the vessels now being sold or placed on the non-effective list by the British Admiralty have their counterparts in our own fleet. But we have nothing like the excess of naval power possessed by Great Britain, and, therefore, it is probable that in any similar effort at wooding out deadwood we'll have to retain vessels, especially older battleships, that would be considered useless by the British.—The Free Press (Detroit).

THE INDUSTRIAL CONGRESS

Calgary, July 5.

The programme for the forthcoming industrial congress to be held at Calgary, Canada, August 13 and 14, and to include a tour of the province of Alberta by special trains, commencing at Medicine Hat on August 11 and concluding in the Canadian Rockies on the following Sunday morning, includes among others the following:

Henry Ford; E. W. Beatty of the C.P.R.; Capt. Robert Dollar, president of the Dollar Steamship Company; Col. J. S. Denais; Dr. P. McLaurin, of the University of Saskatchewan; John N. Willys, president of the Willys-Overland Motor Co.; Thomas Findley, president of the Massey-Harris Co.; Samuel Gompers, the labor leader and president of the American Federation of Labor; Sir Robert Borden; Dr. McCallum, head of the Ottawa "research" bureau; D. B. Hanna, of the Canadian National Railway; Sir Edmund Walker; Dr. Joseph Keele; Dr. G. J. Rutherford; Finlay P. Mount, president of the Advance-Rumley Co.; Ogden Armour; A. R. Brinkine, president of the Studabaker Co.; Vice-president Budd of the Great Nor. Ry.; James White, assistant to chairman of the Canadian Conservation Commission; Harold McCormick, president of the International Harvester Co.; Joseph Oliver of the Oliver Flow Works of Indiana, and several other western speakers as well as additional captains from the east and south.

IMPERIAL OIL COMPANY START WORK.

Work on the foundation of two big gasoline tanks of the Imperial Oil Company, Limited, North Red Deer, were started yesterday. These tanks when completed will hold 100,000 gallons each, increasing the capacity of the plant about five times over. A larger pump house will also be erected, and the loading platform will be extended, allowing two cars to be loaded at the same time. Assistant manager, V. Green, was in the city Monday and made arrangements for the improvements. Lots have been purchased through Harvey Davinheimer by the Company for needed extra space.

BRUMPTON & GAETZ LIMITED

OVERFLOW FROM PAGE TWO

WOMEN'S OR GROWING GIRLS' GUN METAL CALF LACED BOOTS, made top, White Rinex soles and Cat's Paw heels. It is a very stylish and durable school boot for the older girls; per pair\$7.75

Another line of GUN METAL CALF for the older school girls, with leather soles and rubber heels. Looks to us like splendid value at\$7.50

WOMEN'S FINE QUALITY BLACK DONGOLA KID DRESS BOOT in straight laced, pointed toe style, Goodyear welted leather soles and Louis heels at\$8.50

FINE GREY LACED BOOT "Virginia" make. A very nice line imported from the United States, and we believe will give the ladies splendid wear, coupled with very smart appearance, priced at\$13.50

An AMHERST BOX KIP BLUCHER; absolutely solid leather from end to end. For girls having to walk to school in all kinds of weather; something that will faithfully withstand the most severe test of wear and weather. Price\$4.75

Another line of AMHERST GIRLS' SCHOOL BOOTS of Gun Metal Calf, with mat top, a little finer and lighter than those mentioned above\$5.65

GIRLS' DONGOLA KID BLUCHER; quite a serviceable school boot with a patent tip, wide last and low flat heel; for\$5.00

Boys' Leather Boots. We find ourselves with one line that is a little heavier than is popular; we have marked these down to a price below today's wholesale cost; sizes 8 to 10, price\$2.25

Boys' Scout Boots, 9 inch chocolate American Elk, made from well selected and properly tanned hides, sewn with an orange and white mixed thread-bottoms have nothing but the very best insoles, counters, heels, and union outsoles; standard screw fastened with single sole and slip, sewed edge and water-proof bottoms, sizes from 11 to 5 for\$5.00

Boys' Black Mennonite Grain Boots; positively the greatest wear-resisting line we ever saw. There isn't a shoe that will stand as much rough usage and still come up looking decent. Soles are standard screw with an inner row of steel pegs and heavily stitched outside seams; sizes 11 to 13 at\$3.75

Sizes 1 to 5 at\$4.00

Boys' Tan Elk Boot; a very soft pliable boot with viscolised sole, sport toe and wide easy last; priced at\$4.00

Boys' Box Kip Blucher Boot, uppers of selected box kip leather, medium heavy solid leather sole; one of our reliable lines. Priced at\$4.50

Boys' Handsome Brown Calf Goodyear Welted Dress Shoes; built as carefully as any man's high-grade line\$5.00

Two Lines of Men's Heavy Boots for every-day wear; uppers made of carefully selected stock, tanned with special care, sewn with best waxed thread; made regular height with dirt excluder bellows tongue; in bottoms, nothing is used but the very best insoles, counters, heels and union outsoles; last is easy, with broad high toe. We have them in Black American Elk and in Tan Elk. Priced at\$6.50

Men's Tan Calf Blucher, Goodyear welted, made on a military last with plain pointed toe; nothing about this boot of a "showy" nature, but it is built up to a high standard of excellence. It is a guaranteed boot and sells for\$9.00

SPECIAL—About 100 pairs of Women's, Misses' and Children's White Canvas Boots are laid out on a Bargain Counter for this occasion, and you are invited to look them over and get your share of the bargains.

SPECIAL NOTICE RE. MEN'S CLOTHING

As is generally known, the quality of cloths used in the manufacture of men's suits is gradually being improved, and while the prices are still high, the material used is better. We have arranged with a large eastern manufacturer to ship us monthly consignments of clothing for Men and Boys, and in this way we expect to have new materials just as rapidly as they come from the mills. The first of the monthly shipments has just come to hand, and includes Serges and Worsteds, and we invite your careful inspection of the new goods. Prices cover a wide spread, naturally, and we can still repeat that we have Men's Suits from\$15.00 to \$50.00

THE TAX RECOVERY ACT

The various Municipal Acts in force in the Province provide for forfeiture proceedings being taken against land on which are arrears of taxes. By these proceedings the title to the land is forfeited to the Municipality, subject to redemption within a year, and if the land is not redeemed then it may be sold by the Municipality. This method of Tax Enforcement has proved to be both expensive and tedious, as it requires the making out of a Tax Enforcement Return, the filing of Title to be secured from the Land Titles Office for all lands on the said Tax Enforcement Return; notices have to be sent prior to the date of the Court at which the Tax Enforcement Return is to be confirmed to all parties having an interest in the land and notice of Court has to be advertised in the local newspaper and in the Alberta Gazette. After the Tax Enforcement Return has been confirmed and returned Abstracts have to be obtained, two more sets of notices have to be issued and advertisements again inserted in local newspapers and Alberta Gazette, giving date of final forfeiture. If the land is finally sold, it is at least fourteen months from the date of commencement of forfeiture proceedings before the Municipality realizes all its taxes, and if, as frequently happens in urban Municipalities, the land cannot be sold at the time, the Municipality does not receive its taxes and in addition is out a large amount spent in obtaining Abstracts, printing and mailing special notices, advertising date of Court and advertising date of final forfeiture and so on.

Because these proceedings were so expensive, burdensome and unsatisfactory, the Hon. A. G. MacKay, Minister of Municipal Affairs, at the session of the Legislature, introduced legislation under the name of the Tax Recovery Act, which will greatly simplify and reduce the expense of the Tax Enforcement proceedings in future.

Under the Tax Recovery Act, lands, on which taxes are in arrears on the first day of July of the year following that in which they were levied, are liable to be sold for taxes and the Treasurer, Assessor or Collector, as the case may be, of each City, Town, Village or Municipal District shall, on or before the Fourteenth day of August in each year, submit to the Mayor or Reeve of the Municipality, a list of all lands that are liable to be sold for taxes. The Mayor or Reeve, on satisfying himself that the list is correct, gives the proper official a warrant authorizing him to advertise for sale all the lands included in such list. Such sale is required to be advertised once a week for two consecutive weeks in a newspaper or newspapers published in the Municipality, and if there is no newspaper published therein, in a newspaper circulating in the Municipality. Such advertisement must be published not less than six weeks before the date of sale and is required to contain a list of the lands to be sold. In addition to the publication of the list as above mentioned, there shall be published during each week after the period of two weeks above mentioned, but prior to date of sale, a notice of such sale and a statement as to where the list of lands may be seen. Notice of the sale is also required to be published in two issues of the Alberta Gazette, the last issue to appear not less than two weeks before the date of sale. No lands, the title of which is vested in the Crown, can be included in such sale.

Lands so offered for sale shall be sold to the highest bidder, and if they cannot be sold for the full amount of the arrears of taxes and costs, they may be sold for a lesser amount, however, to a minimum value which may be placed upon them by the Council of the Municipality. This minimum value shall be advertised, but shall be treated by the Treasurer as the upset selling price. Any lands which are sold at such a sale shall be included in the list of lands offered for sale the following year. The purchaser at the Tax Sale will only be required to pay at date of sale the amount due the Municipality for arrears of taxes and costs.

As soon as the sale is completed, a Return showing the lands sold will be sent to the Registrar of the Land Titles Office for the Registration District in which the land is situated, which shall register against such land a memorandum of sale, so that any prospective purchaser or money lender may be protected.

All lands sold at a tax sale are subject to redemption within a period of one year from the date of sale. Where lands sold are not redeemed by the end of the year all parties shown by the record of the Land Titles Office to be interested in any way in the land, will forthwith be notified of that fact by registered mail, and after a period of sixty days has elapsed from the expiration of the redemption period a Return of the unredeemed lands will be submitted to a Judge of the District Court, who, on being satisfied that due notice has been given and that all matters in connection with the proceedings are regular, shall make such order as to transfer as he deems advisable and in accordance with this order the Treasurer shall then issue transfer to any tax sale purchaser, on receiving from him payment of the balance outstanding, and such transfer shall entitle the purchaser to an indefeasible title, except as to claims of the Municipality or the Crown. Any monies paid to the Municipality prior to the above taxes due, shall be paid to the persons declared by an Order of a Judge of the District Court to be entitled thereto.

By comparing the procedure under the Tax Recovery Act with the provisions in regard to Tax Enforcement under the various Municipal Acts, it will be noted that under the Tax Recovery Act, it is only necessary for the Municipality to obtain Abstracts of Title and to make use of registered mail, in connection with the lands which are sold and not re-

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-Lives"

Mr. Mairin's, N.B.
"For two years, I suffered tortures from *Stomach Dyspepsia*. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.
I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-Lives', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."
MRS. HUDSON MARSHBANK.
50c a box, \$2.50 a trial size box. At all dealers or sent postpaid by Fruit-a-Lives Limited, Ottawa.

deemed, whereas under the forfeiture proceedings that have been in force under our Municipal Acts, it is necessary to obtain Abstracts of Title of all lands in which taxes are in arrears, to send notice by registered mail to all parties shown to be interested, then during the year allowed for redemption after the land has been forfeited, it is necessary for another set of Abstracts to be secured and two more notices to be sent to each person shown to be interested in the land, and after all this trouble and expense the Municipality in many cases is unable to collect any taxes whatever.

The Tax Recovery Act provides for the immediate sale of land for taxes, without waiting for a year as required by the forfeiture proceedings. If the land can be sold at all, this brings in the taxes immediately. If it cannot be sold, very little expense has been incurred. In addition to making provision whereby Municipalities may obtain their taxes more quickly, the Tax Recovery Act provides a simple method whereby action may be taken at an expense that will not be more than one third of what it was under the forfeiture proceedings set forth in different Municipal Acts, and if the land is worth the taxes the Municipality gets results quickly, while if the land will not sell, the Municipality has not been put to any great expense.

The provisions of the Tax Recovery Act will come into force in the year 1920, and on and after the year 1920 the Tax Enforcement Proceedings provided for in the Municipal Acts will cease to be operative except insofar as proceedings instituted prior to the end of the current year are concerned.

REMAINS OF SIR SAM STEELE ARE LAID TO REST

MOST IMPRESSIVE FUNERAL IS GIVEN LATE CANADIAN IN WINNIPEG.

Winnipeg, July 3.—No more impressive military funeral has ever been witnessed in Winnipeg than that of the late Major-General Sir S. B. Steele, K.C.M.G., C.B., M.V.O., this afternoon. Official representatives of the Dominion of the province, the city and numerous public organizations joined with the military in paying solemn tribute to the warrior whose death has been mourned on three continents.

Service was opened at All Saints' church at 2:30 p.m. At its conclusion the casket was carried by the pallbearers between two lines of the firing party standing at attention with arms presented, to the gun carriage.

Six members of the R.N.W.M.P. acted as pallbearers, followed by six honorary pallbearers, being Gen. H. B. Ketchen, C.B., C.M.G.; Brig. Gen. Hugh Dyer, C.B., C.M.G.; Brig. Gen. H. M. Rutan, C.M.G.; Brig. Gen. R. W. Patterson, C.M.G.; D.S.O.; Brig. Gen. J. A. Kirkcaldy, C.M.G.; D.S.O., and Lieut.-Col. J. B. Mitchell.

Family mourners, including Lady Steele, two daughters, and Captain Harold Steele, followed the pallbearers.

At the gate of the cemetery, the firing party again presented arms while the casket was carried through. Intermittently the boom of guns came from a squad of the 135th Field C.P.A. Thirteen shells were fired, at one minute intervals. Three rounds were discharged over the grave by the firing party, and then came "Last Post" from the buglers.

FARMERS HAVE NO FAITH IN LIBERAL PARTY.

Fenelon Falls, Ont., July 3.—E. C. Drury addressed the United Farmers of Ontario here a few days ago, saying: "It has been suggested that there should be some sort of union between the United Farmers of Ontario and the party temporarily led by D. D. McKenzie, because, it is said, there is no real difference in policy between the two organizations. There is a difference.

"The Liberal party when in power failed to take into consideration the policy it had put into words. The United Farmers of Ontario have a policy to which it is determined to give effect. Between the United Farmers of Ontario and the dead, defunct and discredited Liberal organization, there can be no other amalgamation. Individual adhesion by men like Fenelon and the dead, defunct and discredited Liberal organization, welcome, but no amalgamation or endorsement by either of the old party organizations will be accepted. We intend to look out for our own and keep it clean ourselves."

MUNICIPAL COUNCIL OF GOLDEN WEST

The meeting of the Municipal District of Golden West, No. 371, was held at Sylvan Lake on Saturday, June 28 at 1 p.m., all the members of the Council present.

Mr. Good, representing the Western Corrugated Culvert Co., Saskatoon, was present and received an order for two large, one for Div. 3 and 4, and one for Div. 5.

Mr. Martin, of Burnt Lake, being present, wanted to have a road opened up between sections 23 and 24-27-1-5. Councilor Olson of that Division recommended that an expenditure of \$100 be made there, which was approved by the Council.

A letter was read from J. J. Gaetz, M.P.P., acknowledging receipt of resolution passed at last meeting.

The correspondence from the City of Red Deer regarding bus patients treated at the Isolation Hospital, and also the decision of the Commissioner appointed by the Department to adjust claims of different municipalities, was read. The account of the City of Red Deer against this Municipality was ordered paid.

A letter from the manager of the Canadian Bank of Commerce advised that interest on advances from the Bank would be reduced from 8 per cent to 7 per cent. The Council expressed appreciation of the concession.

A resolution, addressed to the Highway Commission asked that C. C. R. crossing on the road of S.V. quarter of 26-28-1-5, 5th, be opened.

The Secretary was instructed to write to Robert Davies, Inspector of Roads and Bridges, regarding a bridge between sections 14 and 23-27-1-5, 5th, and another between 8 and 17-27-28, 4th. An application was made for survey of road on blind line between sections 16 and 21-28-1-5, 5th, and a road diversion between sections 15 and 16-28-1-5, 5th.

The bills and accounts presented and approved were ordered to be paid.

Date of the next meeting: July 26, at Sylvan Lake.

A. McCASKILL, Sec'y-Treas.

WAR VETERANS WILL STEER CLEAR OF PARTY LINES

DECLINE INVITATIONS OF D. D. MCKENZIE TO SEND DELEGATES TO OTTAWA.

Vancouver, B.C., July 3.—The determination of the Great War Veterans to keep themselves clear of party affiliations was demonstrated at this morning's session of the Dominion convention, when they unanimously rejected an invitation by D. D. McKenzie, the Liberal leader, to send delegates to the national convention at Ottawa in August.

There was a very little discussion on the invitation, which was shelved with a resolution to forward to Mr. McKenzie a copy of the convention's constitution showing their standing on such questions.

Most of the morning sitting was devoted to questions of constitution and membership. After several alternative proposals, it was decided that qualification for membership be enlarged to include those who had joined up, but had not left Canada, found some support, but not sufficient to carry. Less support was given to a proposal from the Manitoba command that the association should be organized on the basis of a fraternal organization, granting degrees according to status of service; and the less was received for a motion to throw the organization wide open so that it should include anyone who had served or should serve under the British flag.

Comrade R. Calder, of Montreal, explained that they were, at present, working under two constitutions, one of which was the old constitution, and the other was the new constitution. One of these had been drawn up when they were practically a voluntary body; the second had been drawn up when they were practically a compulsory body, and he moved that they adopt the latter constitution. This proposal was carried without discussion.

EX-KAISER WILL SOON BE ON TRIAL

London, July 3.—The former German emperor will soon be placed on trial. Premier Lloyd George made this announcement in the house of commons today in his report on the peace negotiations. The premier declared that the tribunal which would try the former emperor would sit in London.

The German army, the premier said, was at present inadequate to maintain the peace of the feeblest of the neighbors of Germany.

The terms of the treaty with Germany in some respects were terrible, the premier said, but terrible would have been the consequences if Germany had succeeded.

German officers who had committed appalling crimes, the premier added, would also be placed on trial.

Mr. Lloyd George declared that the British delegation has taken a stand resolutely opposing any attempt to put a predominantly German population under Polish rule.

There was a very large attendance of members and spectators present in the hall of the House of Commons today, to hear the premier's statement. The floor of the commons and the galleries were both crowded.

The premier began by introducing two bills, one to ratify those parts of the general peace which involve changes in domestic law, and particularly those which concern commercial and financial obligations, and the second to obtain approval for the separate treaty whereby Great Britain and the United States agree to protect France against unprovoked aggression by Germany.

RED DEER VICTORY FAIR

JULY 12-16, 1919

\$16,000

IN PRIZES AND ATTRACTIONS

\$16,000

BIGGER AND BETTER THAN EVER

The Directors are pleased to present the largest and most complete prize list in the history of the Red Deer Fair. This institution has established an enviable record in recent years. To say that the Fair will be bigger and better than ever, is saying something. The proof however, is in the big prize list, and the strong three-day program.

VICTORY PARADE

Like the boys, we "Just got to holler." Since the last Fair, thanks to the brave men who fought and died and our Country is enjoying Peace through Victory. Everybody line up for the big Victory Parade at 11 a.m. Monday, July 14th, on the streets of Red Deer. Bands, whistles, flags, etc. Let's cut loose for once and "holler." Special prizes for decorated cars, decorated bicycles, and Victory Rides.

OFFICIAL OPENING.

MONDAY, JULY 14th, at 1:30 p.m. Brigadier-General MacDonald, O.C. Military District 13, will open the Fair in front of the Grandstand and start the ball rolling.

THE HORSE RACES.

Good Racing assured, and the track in good condition.

MONDAY, JULY 14th.

2:15 pace or 2:10 trot, best 3 in 5 Purse \$300.00
2:15 pace or 2:10 trot, best 3 in 5 Purse \$300.00
Half-mile Running, best 2 in 3 Purse \$125.00
Three-quarter Mile Dash Purse \$125.00

TUESDAY, JULY 15th.

2:30 pace or 2:25 trot, best 3 in 5 Purse \$300.00
Free-for-all, trot or pace, best 3 in 5 Purse \$300.00
Half-mile Running, best 2 in 3 Purse \$125.00
One Mile Dash Purse \$125.00

THE MIDWAY.

Bernardi's Great Exposition Shows will make their first appearance in Central Alberta. The 3-barrel Merry-go-round, the Ferris Wheel, the Whip, the Motorhome, the Animal Shows, and the various other features will all be there. Quality is the outstanding feature of this up-to-date 20-car show.

FREE ATTRACTIONS.

THE BELL-THAZER BROTHERS come highly recommended as Acrobats. Twice every day, afternoon and evening, in front of the Grandstand, they will demonstrate what real acrobats can do. Their comedy feature act will give an opportunity for a good laugh.

THE OKURAS, as slack wire artists will give the crowd a thrill. Their Risley act is a winner.

"UNCLE HIRAM" and "AUNT LUCINDY" BIRDSEED have to be seen to be appreciated. Don't miss them.

AEROPLANE!!

When it comes to stunts, looping-the-loop, nose dive, barrel roll, and the rest, LIEUT. GEO. GORMAN, R.A.F., in his military biplane, "Edmonton," will satisfy the most exacting spectators. He knows the game and did his part in the Victory which we celebrate. An Alberta boy, he was shot down behind the German lines during the battle of Amiens; then for four months as a prisoner of Germany, he tasted German overbearance. Celebrate Victory by seeing Gorman and giving him a cheer. Lieut. Gorman will

Stunt and Alight on Ground during Monday afternoon.

Fly and Stunt on Tuesday.

Fly and Stunt on Wednesday.

Carry passengers on trips to the skies at \$15.00 per head.

LIVE STOCK EXHIBITS.

Some of the finest herds in the country will be represented. The prize list is July 20 per cent larger than ever before. See the Live Stock in their stalls and pens, watch them in the Show Ring, and look out for the big Live Stock Parades in front of the Grandstand.

LADIES' DEPARTMENTS

Now that the war is over, an evidence of Victory is seen in the exhibits of Fancy Work, Domestic Manufacture and Art. Your opportunity, ladies.

IMPROVEMENTS.

New Poultry Building, increased Stabling Accommodation, new Live Stock Entrance Gate and various other improvements for the comfort of exhibitors and patrons.

MEALS AND REFRESHMENTS

Ample provision for meals at reasonable rates on the grounds.

SPECIAL RAILROAD RATES.

Special rates of fare and one third from points in Alberta. Ask your agent. Announcement of special trains may be made. Watch the Press.

ACCOMMODATION.

Rooms in private houses to supplement hotel accommodation. Camping ground provided for those who bring their camping outfits with them. Shelter provided for those who bring their own bedding. The citizens of Red Deer will do all they can for the comfort of the visitors.

MUSIC.

The Red Deer Veterans' and Citizens' band, under the direction of Bandmaster Reg. Taylor, will be on the job every day. The Bernardi Band will be in regular attendance.

ADMISSION.

General Admission to the grounds will be 50c up to 6 p.m. and 25c after 6 p.m. All school children free on Monday. Children 12 years or under, free. Any automobile, 50c each.

Admission to Grandstand enclosure 50c, children 12 years or under 25c, children in arms free. No reserved seats, first come gets the choice.

Entry Forms and Prize Lists from D. W. McKINNON, President, and J. E. WELTON, Secretary

DRINK AND

DEGENERACY

The Boards of Health of St. John, Halifax, Toronto and New York, and authorities from all over the world, agree that the drinking of alcoholic liquors causes mental and physical defects in children. This means an immense loss to the country. Dr. Sullivan, of Great Britain, reported in 1915 that an investigation of the children of 21 drinking mothers showed that 55 per cent. died under two years of age; while of the children of 28 sober mothers only 23 per cent. died under that age.

We establish Boards of Health to prevent disease; we compel vaccination to prevent smallpox; we have milk inspectors to secure pure milk; we establish sanitariums to treat tuberculosis. Should we allow the saloon to exist which does a hundred times more harm than all these combined?

Our Government quarantines our ports against cholera, yellow fever, small pox; bulletins are published to teach the farmer about the care of his crops and fruits, and to acquaint him with the best grade of apples, potatoes, wheat, etc. If as much attention had been given to teaching the people the poisonous nature of alcohol, we would not need prohibition laws. How many young men would drink liquor if they really knew the facts of the case? How many young girls would think of marrying a young man who uses intoxicating liquors?

A recent writer says truly "If a good breed of stock means money in the pocket of the farmer, why should not the government find it as important to raise up a virtuous race of citizens as it is to raise up a country's wealth?"

Every nation now realizes that alcohol is the most important factor in race degeneracy. The favorite drink in Bulgaria is buttermilk, and one person in every thousand lives to over a hundred years of age, while in France one in every 4,000; in England one in every 100,000; and Germany one in every 700,000. It is not a mere accident that the nation which drinks the most alcohol, and whose favorite drink is buttermilk, has the greatest number of centenarians, while the country that drinks eight times as much beer has the smallest number. It is not a mere coincidence that in both Canada and the United States 20-

MUNICIPAL DISTRICT

OF HAYS, NO. 338

The fourth meeting of the Council of the Municipality of Hays, No. 338, was held on Saturday, June 14, all the members being present. Moved by Brown, "that Adam Jackson be paid at the rate of \$15 per acre for land taken in the roadway on the E.B. 25-27-25, W. 4th, and we move the fence to its proper position on the survey." Carried.

Moved by Brown, "that A. G. Smith's taxes for 1915, 1916 and 1917 be refunded." Carried.

Moved by Brown, "that John S. Douglass' application for license for billiard room at Elmore be recommended." Carried.

Moved by Brown, "that a survey be asked for on the S.E. quarter of 28-28-23, W. 4th." Carried.

Moved by Brown, "that our next meeting be held in Delburne on Saturday, July 12, at 1 p.m." Carried.

A. L. McKRAE, T. P. MOORE, Sec'y-Treas.

PUBLIC SCHOOL BOARD

At the meeting of the Red Deer Public School Board on Thursday evening, there were present Messrs. Gault, chairman; Welton, secretary; Payne, Stephenson.

The engagement of Mr. W. S. Brodie, Widawright, as Principal of the schools at \$2,300 a year was confirmed. Several of the teachers forwarded acceptances of re-engagement at the men and women who would add to our country's wealth."

BONUS FOR WAR

VETERANS IS STRONGLY URGED

Vancouver, July 3.—The famous "Calgary resolution" around which such a great deal of discussion has raged in Canadian military circles, was the chief bone of contention at Wednesday afternoon's session of the Dominion convention of the G.W.V.A. The resolution, which calls for the granting of a bonus in cash of \$2000 to the veterans who served in the "line," and \$1000 to those who only got as far as England, and \$1000 to the soldiers who remained in Canada, caused a storm of debate. The discussion continued at the evening session. Introducing the resolution, Comrade Walster, Calgary, said, in part:

"The percentage of men qualified to step from the army into civilian life on the old basis is lamentably small, and we wish to see these men returned to civilian life with the same opportunities as those who have not sacrificed anything for the country. It has been said by opponents of the scheme that the country could not finance it, but I would like to remind you that if the war had been carried on for years more, the money would have been found to carry on the war to victory and surely we would be found for the blessings of peace."

NO PRIVATE EXPLOITATION.

"Canada has vast natural resources and the day has come when their exploitation for private gain should pass from our midst. The profiteering by certain firms and corporations has shown us that a levy on capital of private fortunes above a fixed amount would provide the money for the payment of this bonus and pay the national debt of Canada as well." The resolution as introduced by Comrade McDonald, Montreal, embodies some of the provisions of the "Calgary resolution," but leaves out certain others. The original Calgary document was submitted as an amendment to that put forward by the resolutions committee, which reads, after a preamble, setting forth the necessity of placing the returned soldier on an equal basis with the citizen whose earning power was not affected by military service and war conditions, as follows:

THE RESOLUTION.

"Be it therefore resolved by this

convention that we urge upon the government of Canada the necessity of an immediate adoption of a system of bonus payments as the only satisfactory and effective means of re-establishing the soldiers."

"And be it further resolved that after careful thought and full consideration we are of the opinion that such a system of bonus payments should provide at least \$1000 to each member of the expeditionary forces who served in Canada with an additional \$500 to those who served overseas and a further additional \$500 to those serving in the actual theatre of war, or a granting of a cash bonus approximating these amounts upon an equality basis, the distribution thereof to be determined by a joint parliamentary and G.W.V.A. commission."

"And that this bonus should be in addition to any gratuity or pension for disability resulting from service; and that in case of members of the expeditionary forces whose death occurred either while in the service or after discharge therefrom, such bonus shall be paid to their dependents; all of the benefits contained in this resolution shall apply to those residents in Canada prior to the fourth of August, 1914, who served in the imperial forces and are now or may be at any future date domiciled in Canada."

The affirmation of Manitoba's right to grant divorces will result in a great rush of business in this connection in the courts, local barristers assert. According to W. J. Donovan, the western case of Boardman vs. Boardman, as in the Walker case, Saskatchewan did not participate in the privy council proceedings but is affected by the judgment, owing to similarity of constitution with the other prairie provinces.

GRANT DIVORCE

IN ALBERTA

PRIVY COUNCIL DISMISSES APPEALS IN DIVORCE CASES AND INITIATIVE REFERENDUM.

London, July 3.—The privy council this morning dismissed the three appeals in cases of Walker vs. Walker, Boardman vs. Boardman and the Manitoba Initiative Referendum.

Manitoba courts have the right to grant divorces. The imperial privy council at London today affirmed this right by sustaining the judgment of the Manitoba court of appeals in the case of Walker vs. Walker.

The provinces of Alberta and Saskatchewan have also the right to establish divorce courts. Alberta joined with Manitoba in testing the constitutionality of this claim, and the privy council gave the same judgment in the western case of Boardman vs. Boardman, as in the Walker case. Saskatchewan did not participate in the privy council proceedings but is affected by the judgment, owing to similarity of constitution with the other prairie provinces.

Mrs. Alex. Black, Delburne, is spending a short visit with her daughter, Mrs. R. I. Bell, North Red Deer.

J. E. Welton, secretary of the Red Deer Fair, wishes the names of men who will engage as ticket sellers and takers at the Fair; also night watchman for the Aeroplane. Please apply at once.

The executive of the Local Council of Women met on Friday, July 4 in the City Hall. Mrs. McPherson was elected convener of the Health Committee and Mrs. Swanson convener of the Laws Committee. The committee appointed to meet the retail merchants' association to discuss reducing deliveries and buying Canadian goods reported that it had been impossible to arrange a meeting. A letter was read from the City Council asking that the L.C.W. nominate an inspector under the Mothers' Pensions Act. A committee was appointed to consult possible nominees. Mrs. H. G. Stone was appointed convener of a finance committee to report in September on means of covering our expenses.

MINERVINI EXCELS ON THE ACCORDION.

"The musical possibilities of the piano accordion are little understood in America," says Antonio Ugo Minervini, the talented musician who comes to Chautauqua on the third day. In Italy, the home of this young Italian and the home of an intensely musical people, the piano accordion is one of the favorite musical instruments of all classes. In the hands of a master it is one of the most pleasing and melodious instruments. Such a master is Antonio Minervini. In the five years he has been in America he has acquired a wide reputation as a piano accordionist of the first rank.

LOST a large screw top of auto gas tank.—Will finder please leave at News Office.

MUNICIPAL HAIL INSURANCE

Withdrawal of Insured Crop Destroyed from any other cause than Hail.

Provision is made in the Act whereby the person insured, by sending registered notice on the form provided, to the Hail Insurance Board, Box 140, Calgary, may, on any date between June 15th and July 20th, withdraw any of the crop insured that has been destroyed from any other cause than hail.

A proportionate amount of the premium will be charged against the land to pay the insurance from June 15th to the date of withdrawal.

The necessary forms may be obtained from the Secretary-Treasurer of the Municipal District.
